Experience

Visual & UI Designer at Aurva

Feb. 2025 - Present

Design employee - Fulltime

Bangalore

At Aurva, I've been working full-time as a visual designer, contributing to the development of the brand's visual identity by creating a comprehensive style sheet and design guidelines. I led the UI design of the company website and continue to audit and refine it for consistency and clarity. I also collaborated closely with the marketing team on social media branding and sales decks, while supporting the product engineering team by translating complex system workflows into simplified, impactful infographics for both internal and external communication.

Visual Designer & Illustrator at CheQ

Jan. 2025- Jul. 2025.

Design internship - Part Time

Bangalore

Worked closely under the guidance of the design team lead at CheQ a fintech company dedicated to credit card usage, contributing to the development of a comprehensive illustration library tailored for the product interface. Collaborated across teams to ensure visual consistency and brand alignment. Additionally, worked on designing engaging social media graphics, helping to enhance the brand's online presence and visual communication strategy.

100 kmph Apparels Summer Internship

Mar. 2024- Jun. 2024.

Graphic design, Illustrator internship

Remote

Contributed in an automobile fashion brand named 100KMPH, designing extended versions of the OM3GA merchandise series, collaborating with branding, finance, printing, and customization departments, and developing concept designs for future projects and deliverables. During the tenure, reported directly to the founders of the company.

Swaglok Internship

Feb. 2024- Mar. 2024.

Graphic design, Illustrator internship

Guwahati

Worked closely with and reported to the design team head for each project. Participated in inter-team meetings, collaborating with other team members to brainstorm and design event-specific product series. Additionally, gained insights into the preferences of office colleagues, which informed the ideation and design of the official team merchandise.

Projects

Brand Identity for Data Security

Jul. 2025 – Dec. 2025

Visual Branding development of Aurva

- Led the end-to-end brand identity development for Aurva, creating a cohesive visual system including mascot design, brand strategy, visual language, and marketing collateral for corporate events and digital platforms.
- Transformed Aurva's visual presence from a generic B2B product into a recognizable cybersecurity brand through competitor research, concept development, and scalable branding across multiple touchpoints.

Illustration Library for Fintech

Jan. 2025 – Jul. 2025

CheQ visual design system

- Designed and developed a scalable illustration library for the CheQ fintech app, creating product-focused visuals for positive, negative, and interactive user states across mobile UI screens.
- Built a consistent visual system using modular components, customizable characters, and depth-driven illustration styles aligned with the company's design language and product experience.
